The "Art of the Sea" as seen by Margaret Fago.

No stranger to IYC, Margaret is an instructor at our Women's Sailing Seminar and dazzles our eyes as one of the Bay Area's finest water colorists. In 1979, Margaret joined with Bob and Emily Hogin to found Hogin Sails and continued as a sail and cover maker for 25 years. All the while, she polished her art, becoming a first rate painter of boats, ships and the sea. Today, she teaches 3 painting and drawing classes a week, conducts special workshops, and continues to do custom paintings for clients.

Through the magic of PowerPoint, Margaret will share her experiences and the joys she's found in sailing and painting. It promises to be a delightful evening. Don't miss it!

Reservations!

Call Dick Vandenberg at (510) 790-2145 or email
